

ACT Prep/College Prep

Teacher: Kristin Peltier, bradpeltier@sbcglobal.net

Tuition: \$50/month

Class Supplies:

- 2"-3" ring binder.
- 1 pack subject dividers for 3-ring binder.
- 2 Bic 4-color original retractable pens.

Class Description:

ACT/College Prep is a class designed to help each student gain confidence and learn strategies in all four components of the ACT test. Test results will most likely be required by colleges and universities for admission, scholarships, and course placement. Students will also learn techniques and strategies for a successful college experience from writing college-level papers to organization and attributes needed for a positive outcome at the next level in an encouraging and fun environment.

- Numerous test-taking strategies for all 4 components of the ACT.
- Complete English/Grammar curriculum taught for ACT content to establish an understanding of the English and Reading sections of the test.
- Strategies and tips for time management.
- Review of academic content required in each section of the test.
- Direct instruction covering core subject content and predictable elements of the ACT.
- Practice tests and review given in each test category to help students identify and understand the types of questions that are being missed and why.

About the Teacher:

I have been a teacher for the last 27 years in multiple settings including private, public and homeschool. My Mom, Linda Swales, began teaching ACT workshops in the 1980's and continued to teach for 30 plus years. We have worked together for over 10 years to build an ACT prep course that helps each student improve test scores and transition to college for the best possible experience.
