Phone: 405 812-3711

Course Description: Math Foundations will focus on the basics of math from multiplication to fractions. This class is perfect for students who need a firm foundation to succeed in intermediate math or future math classes. Lessons are designed to flow smoothly and logically from one concept to the next assignment.

The class will cover the following:

- Whole numbers (addition, subtraction, multiplication, and division)
- Memorizing Multiplication and Division facts
- Fractions and Decimals
- Ratios, Proportions and Percents
- Charts and Graphs

**At home assignments will include:**

3-4 weekly assignments and corrections if needed

Parents will be responsible for grading weekly math assignments and having students make corrections. Detailed information will be listed in the syllabus.

**Book: Gaining Skill with Arithmetic 5 by Rod and Staff Publishers, Inc.**

(Yellow book, Mardel's sold for \$19.99)

ISBN 978-07399-0471-8

Communication, grades and assignments will be on Google Classroom
